WINCHELL LEAVES TERMINAL BOARD.

C. H. Beggs Will Represent the Frisco System in the Association Directorate.

At a special meeting of the directors of the Terminal Association yesterday B. L. Winchell first vice president of the Frisco Island, presented his resignation as a member of the board to represent the Frisco interests.

C. H. Beggs, second vice president of the Frisco, was elected Mr. Winchell's successor. Mr. Winchell, having his headquarters in Chicago will be unable to attend all the meetings of the board, and to remove obstacles in the way of securing a quorum, decided to resign. Mr.

Ing a quorum, decided to resign. Mr. Beggs has effices in the general offices of the Frisco and is therefore available for all meetings of the board.

The report of the committee of the managers on the freight congestion was received, but laid over to the next meeting, which will be held this month, it is stated that the committee, of which C. M. Levy is chairman, offers many suggestions for the betterment of the local freight service. The directors decided to insuli the block system on the Terminal Belt Line. The amendments added to the terminal bill by the Rallway Committee of the Council were not discussed.

DIRECTORS OPPOSE AMENDMENTS. State They Will Not Consider Terminal Bill as Now Proposed.

Members of the Terminal Board of Directors, while not willing to be quoted, have but little hesitancy in saying that the amendments to the Terminal bill, approved by the Council Tuesday, will, if ratified by the House of Delegates, make the bill a dead letter as far as the Terminal Association is concerned.

A director of the Terminal Association,

in an interview yesterday, said: "The Terminal bill is now out of the hands of the Terminal officials. It is between the Business Men's League and the Municipal Assembly, and until it passes both houses

Assembly, and until it passes both houses we will not be called upon to concern ourselves about it any further.

"However, we made a bargain with the committee of the Business Men's League. We agreed to certain terms, all of which were embodied in the bill, and we certainly will not agree to any additional burdens, especially if we have to have the permission of the Municipal Assembly to make a change in our rates and in addition pay \$25,000 a year. That is clearly outside of our contract, and if pensisted in will mean that we will not consider the matter any further." matter any further."

Another director of the Terminal Board

Another director of the Terminal Board stated that the amendment by which the Municipal Assembly reserved the right to quash the bill was to his mind manifestly unjust, as the railroads may expend several millions in St. Louis, and then the Municipal Assembly could repeal the ordinance and make heavier terms. "It is as well that these amendments were added." he continued, "as we could not at this late date get the elevated loop line built, and I now suppose that the matter will be dropped entirely."

EVERYTHING

Depends on Food.

How often the kind of food caten determines a question of future health and happiness, or even life or death.

"Our little girl, when but five weeks old, had to undergo a very severe operation, which left her unable to take her nour-ishment in the natural way—that is, by nursing—and, of course, she had to be fea. She was naturally frail and the food did not help her. At the age of eleven weeks she was subjected to a second operation, and from that time she continued to grow thinner and weaker until she was but a mere shadow, so writes a lady of Ohio.

"We tried many kinds of infant foods, and then the doctor directed us to try Graps-Nuts. We did so, and at the end of the first week noticed an improvement and after that she began to improve rapilly. As we continued to give her Grape-Nuts she kept gaining until she is now more than two years old and strong and healthy. Her main food has always been Grape-Nuts and to Grape-Nuts she owes her life. Naturally we are firm friends of the food and never lose an opportunity to speak a good word for it." Name given by Postum Co., Battle Crock, Mich,

Speaking of the rumors that the Frisco and Rock Island would unite in an effort to reduce expenses by consolidating offices at important and unimportant points, Mr. Winchell said that the policy of the sestems would not be on these lines, and retrenchment of this nature would never be carried out to the extent of causing a capable official to lose his position.

Milwaukee, Wis. Nov. 4.-More opposttion was shown this afternoon to the enof Milwankee and Southern road and third vice president of the Rock peared as the representative of International Harvester Company and the Cream

tional Harvester Company and the Cream city Sash. Door and Blind Company to fight the petition for condemnation proceedings which have been begun to secure a right of way for the road. The petitioners usked a continuance of six weeks for the hearing of the order and offered an affidavit that the attendance of J. C. Van Reiker, a St. Louis capitalist, is needed to show the good faith of the company in seeking a right of way.

Mr. Kerwin for the Milwaukee and Southern stated emphatically that application was made in good faith, and that the company proposed building a road from Milwaukee to Peorla. This road, he says, would connect with fifty-seven other large roads. "It is well known that Milwaukee has but two railroads," he said, "and it is easily to be seen that a third road connecting with many other lines would be an immense advantage. The road will run from Milwaukee to St. Louis."

HERRICK'S PLURALITY OVER JOHNSON, 115,000.

Any Democratic Candidate for Governor of Ohio in Years.

Columbus, O., Nov. 4.-The Republican plurality in Ohio is about 115,000 for Gov ernor, and the majority in the Legislature on joint ballot for Senator is ninety

Chalrman Dick of the Republican State Committee to-day secured reports from all his eighty-eight county committees and to-night announced that Myron T. Herrick (Rep.) had carried sixty-two counties and Johnson (Dem.) twenty-six for Governor, most of the latter by small and the former

by large pluralities. On a total vote of less than 990,000, Herrick's pluralities in the counties aggregate 125,122, and Johnson's 20,476, so that Herrick has a net plurality in the State of 114,706 on estimates that may be increased from 1,900 to 2,600 by the official count.

The plurality on the rest of the Republican State ticket will likely be from 4,000 to 5,000 less than that for Herrick. The total vote for Johnson was less than that for any Democratic candidate for Governor for years.

The Senate stands: Twenty-nine Republicans, four Democrats—majority twenty-five. The House stands: Eighty-nine Republicans and twenty-one Democrats—majority sixty-eight. On a total vote of less than 900,000, Her-

publicans and twenty-one Democrats—ma-jority sixty-eight.

Secretary Richardson of the Democratic State Committee said that the result in his opinion was due to the fear of single tax and 2-cent fare.

Tom L. Johnson, the defeated candidate for Governor, to-night gave out the following statement:

The result in Ohio Is due to several causes, of which the chief was the successful attempt of Senator Hanna to impress upon the people of this S-ste that a continuance of the undisturbed business conditions demand his return to the

this State that a continuance of the undisturbed business conditions demand his return to the Senate.

In the last few weeks of the campaign the closing of mills and discharge of thousands of workmen, tearther with bank and business failures throughout the country, gave color to Senator Hanna's claim that the campaign in Ohio involved national issues of more importance than the betterment of our local conditions.

I hope that Senator Hanna's statement that his re-section will preserve the industrial and business situation from disturbance will be verified and that confidence, which he believes to be the basis of prosperity, will be preserved.

The Republican party in this campaign had a fund larger in amount than in any other similar campaign in the history of State politics. This campaign fund was furnished by practically every privileged interest throughout the country, as they were not unnaturally feeling that Senator Hanna was their national representative. The magnitude of this fund led the Republican Committee to give the widest possible circulation to their claim that business prosperity depended upon Senator Hanna's re-election.

GAINS IN MASSACHUSETTS. Democrats Reduce Republican

Plurality to 35,849.

Boston, Nov. 4.-With the exception of the falling off in the Socialist vote, the election in Massachusetts yesterday very nearly paralleled that of last year. Governor John L. Pates was re-elected by the Republicans by a plurality of 25,849 over Colonel William A. Gaston, in a total vote only slightly under that of 1962, when Rates won by 27,120 plurality.

The vote for the leading candidates yes terday was: Bates, 199,393; Gaston, 166,544. both gaining about 3,000 over last year, but as the Socialist vote dropped from 33,523 to a little more than 25,000, and that for the Prohibition and Socialist-Labor candidates remained about the same, the total vote for all candidates fell just short of that of last year, the largest in the history of the State. For an "off year," however, it was very satisfactory to the managers of both the principal parties.

With the head of the ticket went the other Republican candidates for State offices, as well as seven out of eight members of the Executive Council, while the lower branch of the Legislature shows a Republican gain of two members, the Senate remaining unchanged.

The Senate next year will stand thirty-one Republicans and nine Democrats, and the House 155 Republicans, 82 Democrats and 1 Socialist, with two ties to be decided.

In addition to suffering a loss of several thousand votes for their leading candidates, the Socialists also had two of their three seats in the House taken away from them by the Republicans, but, as they polled more than 25,000 votes, they maintained a place on the official ballot. both gaining about 3,000 over last year,

A druggist who was a personal friend asked me to try Peruna and I reluctantly did so. Usually all patent medicines nauseated me, but I was pleased to find that this was an exception and that it soon relieved me. Within eight days I was cured and in addition felt better and stronger than I had done for some time. Since that time I have used it off and on and find that it not only cures colds and all catarrhal affections but that it acts as a splendid appetizer. If the system becomes worn out or the nerves unstrung, Peruna acts as a fine tonic, relieves the tension and induces rest and renewed health. it is a fine remedy calculated to relieve young and old, and I heartly endorse it."-Raymond J.
